SPECIAL LIBRARIES: HOW TO PLAN AND EQUIP THEM

SLA Monograph No. 2
A Project of the New York Chapter

Chester M. Lewis, Editor

128 pages illustrated 1963 \$5.55

Public, school, and university librarians and administrators as well as special librarians will find here facts and figures on space requirements, layout, furniture, shelving, special equipment, preliminary planning, remodeling, moving procedures, and other aspects of producing a functional, efficient, and attractive library. Ten case histories, most of which have been reprinted from the "Planning the New Library" series in *Special Libraries*, describe many types and sizes of actual special libraries and include floor plans, photographs, and statistics. There is a handy checklist for planners, an annotated bibliography, a directory of manufacturers and suppliers, and a detailed subject index. Each chapter was prepared by an individual who is experienced and knowledgeable in his field. The Editor is the Chief Librarian of the New York Times.

WHAT DO YOU KNOW ABOUT UNESCO'S INTERNATIONAL BIBLIOGRAPHY OF THE SOCIAL SCIENCES?

Indispensable working tool for your reference collection—

This annual set of four volumes, one each in the fields of Social and Cultural Anthropology, Economics, Political Science, and Sociology, offers researchers the most complete bibliographic information available in easy-to-handle and use form.

Prepared by UNESCO's International Committee for Social Sciences Documentation, the **BIBLIOGRAPHY** lists and classifies all important published contributions, from all countries, in all languages, and whatever the form in which they appear. It includes books, articles from many thousands of periodicals, and many reports distributed in duplicate form, with special attention given to fugitive governmental publications. Materials are listed under hundreds of subject headings and the books contain full author and subject indexes.

How do scholars evaluate the INTERNATIONAL BIBLIOGRAPHY?

"With the growing importance of the exchange of information concerning scientific progress throughout the world, the UNESCO *International Bibliography* has emerged as the most valuable work of its kind."—Hans J. Morgenthau, Univ. of Chicago.

"New knowledge is useless to a scholar unless he can find it, and his most important tool is therefore a bibliography of current research. The UNESCO *International Bibliography* is the most scholarly and comprehensive that we have."—Sol Tax, Past President, American Anthropological Assn.

When is the INTERNATIONAL BIBLIOGRAPHY issued?

Available to you every year, the current volumes cover materials published in 1961. Information is not repeated or carried over from one year to another. (Volumes for previous years are also available.) By placing a standing order with your order for the latest set of **BIBLIOGRAPHIES**, you insure your receiving each year's set as it appears.

Where can you order the INTERNATIONAL BIBLIOGRAPHY?

Aldine Publishing Company, as of 1962, became the publisher in the United States of this vital UNESCO series. You may order the volumes directly from Aldine, or if it is more convenient for you, through your regular jobber or subscription agency.

The current **INTERNATIONAL BIBLIOGRAPHY** of Anthropology, Vol. VII; Economics, Vol. X; Political Science, Vol. X; and Sociology, Vol. XI are durably clothbound and priced singly at \$10.00 net—OR AT OUR SPECIAL PRICE FOR THE SET OF FOUR VOLUMES OF \$35.00.

foreign out-of-prints

*Take advantage of our excellent,
free search services for foreign
publications*

- We search for publications in all subject fields from Britain, France, Germany, Italy, Spain, Latin America and all other parts of the world.
- Our prices for foreign out-of-print books are the lowest possible.
- We issue frequent, well-organized desiderata lists and circulate them widely abroad.
- Repeated efforts are made to locate titles not readily found.
